TO OUR GUESTS

We work tirelessly in the hopes of making every Nonna's experience exemplary. We do not work with ingredients or recipes that we haven't personally tried & endorse. So, take your time, read thoroughly, & enjoy a spectacularly tailored tasting experience.

The wines selected are predominantly Italian. In doing this we stay true to our Mediterranean heritage, who we are, & what we represent as a family business. We have, however, included other grapes & regions that we are particularly passionate about. After many hours of tasting & deliberating, we have narrowed our selection down to our very favourite wines. From refreshing & citrusy whites with minerality & a clean finish, to powerful & elegant reds bursting with red berries & firm tannic structures that envelop the palate, we have a wine to suit every guest.

Our cocktail list is designed to be experimental whilst remaining inclusive. You will find authentic Italian aperitifs followed by classic cocktail recipes that we have perfected over years of serving. Our signature cocktails showcase the very best of what we have to offer & are highly technical with premium ingredients. Any clarified cocktails are clarified in-house, which is a process that removes impurities & infuses a silky texture to add an element of opulence to the signature drinks.

This is our letter to our guests. Through this medium, we are expressing our passion, our knowledge, & our love of what we do. Speak to your server about any of the drink options so we can always find you your perfect drink.

WITH LOVE,
The Nonna's Family
